The act of giving is deeply personal. We're emotionally invested in the causes we give to and in the charities we entrust with our dollars to carry out life-changing work. When you make a gift to Ronald McDonald House Charities of Chicagoland & Northwest Indiana (RMHC-CNI), your generosity ensures families of hospitalized children can get better together and access critical medical care – today, tomorrow, and in the future.

The ways to give are more diverse than ever. Here are a few smart ways you may consider when making your next gift to RMHC-CNI.

Donor Advised Funds (DAF): Donor advised funds are an innovative way to support RMHC-CNI in all types of economies. Like a charitable savings account, you can recommend how much and how often money is granted to make an immediate or future impact.

Leave a Legacy: By designating assets from your estate through planned giving, you can help ensure RMHC-CNI will continue to provide valuable services to families beyond your lifetime.

Matching Gift Program: Does your employer have a matching gift program? This can be a great way to double or triple your gift's impact.

Cryptocurrency: A charitable gift in cryptocurrency from you means a comfortable bed, home-cooked meals, and peace of mind for children and families.

Charitable gift annuity (CGA): See the impact of your gift during your lifetime while feeling confident that you have dependable income in your retirement years.

Appreciated Securities and Stock: Making a gift of appreciated securities, stock or mutual funds is a tax-savvy way to benefit from growing assets while helping advance our mission.

Memorials and Tribute Gifts: If a loved one has been impacted by RMHC-CNI, establishing a gift in their honor is a meaningful way to show your appreciation for your loved one while supporting our mission.

Real Estate: Transform realty into gift reality that will help us continue our work for years to come.
